

In the Accelerate Future HEI project, IST conducted an experiment to foster a more entrepreneurial culture in the built environment.

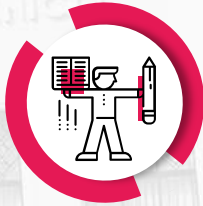

Pathway 02

Strengthening Partnerships

Pathway 05

Knowledge Sharing

Pathway 01

Fostering Institutional Engagement and Change

Pathway 03

Developing Innovation and Business

Pathway 04

Enhancing Quality of Innovation and Entrepreneurial Education

**accelerate
futureHEI**
supporting future focused higher education

Pathway 01

Fostering Institutional Engagement and Change

Institutional Culture and Structures

1.1	Time and budget allocation to innovation and entrepreneurship in the built environment	3 (1–5 scale)
1.2	Number of educators, researchers and students of the built environment attending innovation & entrepreneurship training	5
1.3	Participants in advisory boards to academic, professional development or research programs related with the built environment	20

Pathway 02

Strengthening Partnerships

Innovation Ecosystem

2.1	Engagement and ambition of university-industry initiatives related with innovation and entrepreneurship in the built environment	4 (1–5 scale)
2.2	Strategic partnerships with relevance to built environment	3 (1–5 scale)

Pathway 03

Developing Innovation and Business

Business Generation

3.1	Number and ambition of initiatives for innovation and entrepreneurship in the built environment	4 (1–5 scale)
3.2	Participants in challenge-based initiatives/hackathons for innovation and entrepreneurship in the built environment	15
3.3	Hours of mentorship provided by mentors pool	2 (1–5 scale)
3.4	Number of built environment-oriented start-ups supported	25
3.1	Number and ambition of initiatives for innovation and entrepreneurship in the built environment	4 (1–5 scale)

Pathway 04

Enhancing Quality of Innovation and Entrepreneurial Education

Entrepreneurial Culture and Competencies

4.1	Number of multidisciplinary real-world challenges in the built environment (CAPSTONE projects executed)	2
4.2	% of built environment students enrolled in “Entrepreneurship and Business” course	31%
4.3	Built environment students feedback – contribution to entrepreneurial skill development	8 (1–9 scale)

Pathway 05

Knowledge Sharing

Knowledge and Evidence

5.1	Participants in knowledge-sharing events by the innovation hub for the built environment	28
5.2	Users accessing innovation hub for the built environment communication platforms	No data
